**Ahtna Environmental, Inc. (AEI)** is one of seven wholly owned subsidiaries of Ahtna Diversified Holdings, LLC (ADH), a holding company that is in turn wholly owned by its parent company, Ahtna, Inc., an Alaska Native Regional Corporation. We are an established self-performing contractor with Small Disadvantaged Business certification from the Small Business Administration (SBA) that specializes in the execution of time-sensitive, complex, and multifaceted environmental, engineering, construction, and professional services projects for government and commercial clients. With corporate and program offices coast-to-coast, AEI is positioned to support nationwide Government programs.

AEI, incorporated in 2010, is headquartered in Anchorage, Alaska with offices in Alabama, California, Colorado, Hawaii, Missouri, South Carolina, and Washington, the majority of which are bona fide through the SBA. AEI is a successful graduate of the SBA 8(a) business development program and now successfully competes as a small business in unrestricted markets.

At Ahtna we care about the communities we serve—because they're our communities too. We're field crews; construction, project, and safety managers; scientists; and superintendents; all working together at the intersection of community, creativity, and client relationships. Balancing these priorities results in projects that advance the quality of life in communities across the globe.

## AWARD WINNING FIRM

AEI received the 2020 Society of American Military Engineers (SAME) Small Business Award. This award recognizes SAME sustaining member firms that "achieve outstanding results in support of the Air Force, Army, Coast Guard, and Navy as well as company support for the professional development of its employees through participation in SAME education and activities." Ahtna's commitment to SAME has been unwavering with active memberships with the Anchorage, Cape Fear, Charleston, Huntsville, Japan, Keiser, Ketuckiana, Los Angeles, Mobile, Omaha, Rein, Sacramento, Savannah, Seattle, and Tulsa Posts.

Additionally, Ahtna ranks on the Engineering News Record (ENR) magazine's "Top 200 Environmental Firms" ranking firms worldwide by their environmental revenue.

## DIFFERENTIATORS

AEI's unique management structure offers flexible, collaborative, and streamlined procurement options to our customers. Our ability to legally share common management and past performance experience while maintaining our small business status provides our clients with the expertise and confidence that comes from working with a large, well-established firm, while still offering the flexibility, transparency, and intimacy of working with a small, disadvantaged company.

Differentiators include the following:

- Ability to rapidly mobilize and respond to surge requirements
- DoD Indian Incentive (The 5% Subcontracting Bonus)—DFAR 252.226-7001
- Financial stability—\$100M/\$500M bonding capacity
- More than 400 program and project personnel (including sister subsidiary support)
- Outstanding safety record—EMR of 0.77

## STRATEGIC PARTNERSHIPS

AEI pursues opportunities through joint ventures established with Bay West, Geosyntec, Arcadis, and OTIE. These partnerships enhance the competitive landscape of our small business through the support of this established firms, adding to the breadth of our capabilities. We stand with you, ready to collaborate and provide the innovative solutions you need.
